## Giveall Payroll Giving Overview

Payroll Giving is an HMRC-approved scheme whereby employees are able to donate to charity from their pre-tax income. Payroll Giving has been available since 1987. Giveall has transformed it.

Employees authorise their employer to make deductions from their salary or pensions. The employer then forwards these donations to a Payroll Giving Agency (PGA) who disburses them to the intended charities. Giveall is an HMRC-approved Payroll Giving Agency (PGA).

Donations are deducted from an employees' salary before tax so, effectively, what the donor would have paid in tax goes to charity instead.

**To set up Giveall Payroll Giving, click [here](#).**

Simply create a user account, register your company (it's a simple online form), enter your payroll periods, send the contract back to us and let your staff know about it. It's that simple!

Promote it to your team and let your stakeholders know what you are doing and why. It's great for staff morale, it's good PR and has positive CSR benefits. There are also prestigious payroll giving awards to be won.

All your payroll team have to do then is to verify the identity of your employees as they sign up (it's a simple "tick box" on your profile), make the deductions from the payroll and forward the combined donations to us in a single payment.

Our systems will have identified the charities your employees are supporting and the donations are deposited automatically.

Charities start earning interest straight away and they can access those funds immediately.

## Advantages for Employees

Giveall Payroll Giving is the easiest, most tax-effective way to donate to your favourite Non-Profit Organisation.

As your donations are made “before tax”, the Taxman tops them up with the tax you would have paid so your intended charity receives even more!

There’s no need to claim a rebate at the end of the year; you’ve already got it! In fact, for higher rate taxpayers, this is the only way to receive a complete tax credit.

If your employer is registered for Giveall Payroll Giving, simply go to [www.giveall.org](http://www.giveall.org) and create a User Account, then fill out the simple form and say how much you want to give every pay day. There is nothing else to do. You have 24/7 access to your account and you can edit your account or stop giving at any time.

If your employer isn’t running a Giveall Payroll Giving scheme, why not ask them to set one up (it’s easy) and give them a copy of this guide? It really is hassle free and there are real benefits for them as well (see above).

Your employer deducts the donation from your salary, forwards it to us and we deposit the entire amount into the charity’s account where they start earning interest immediately. You can include more than one employer and if any new employer is on Giveall your giving is seamless.

Donate to a particular charity or deposit all or some of your donation into your own Personal Donor Account for later dispersal. The system is extremely flexible.

You can donate anonymously if you prefer (your employer has no way of knowing who you are supporting) and you can opt out of being contacted by your charity if you prefer.

Giveall ensures that 100% of every donation reaches the charities within days.
